SURPLUS AND CONTRACT PRICES ON

## Vegetable and Flower Seeds,

Bulbs for Spring Planting, Nursery Stock for Forcing, &c.,  
for Immediate and Future Delivery.

### TO THE SEED TRADE

WHOM THIS CIRCULAR WILL INTEREST.

It must have occurred to all connected with the **Seed and Plant Trade** of this country that a center was wanted whereat information for the purchase and sale of reliable surplus stocks of the various growers in this country and Europe could be obtained. With this object in view, this business was started last June by our writing many of the largest dealers and growers of seeds, bulbs, and plants the world over, asking them to place with us a list of whatever reliable goods for which they required a market. The usefulness of this idea has proven itself beyond doubt by the volume of business we are now transacting under this heading, as we are receiving daily inquiries, orders, and lists from the principal growers and dealers in all parts of the world. Besides, we are able to make and take contracts to supply all kinds of Flower, Vegetable and Agricultural Seeds, Plants, and Bulbs for future delivery, having secured the agency for some of the largest and most responsible growers in this country and Europe, and solicit correspondence which can be depended upon receiving prompt attention and closest confidence.

*In short*, if you are in want of anything in the Horticultural line at bottom prices, **write us**.

The following is simply a brief list of some of the stocks now in our hands for sale, and prices at which we are in position to contract for another season, which in every instance can be depended upon for purity of stock and highest vitality, coming as they do from only reliable growers, and in many cases the originators.

It is our intention to revise this list at least once a month, perhaps more frequently, as we receive and dispose of the several goods named therein; and as there is a great likelihood of many of the articles being disposed of without a possibility of duplication, we would advise all purchasers to communicate with us immediately upon receipt, as we can only offer them subject to being unsold upon receipt of order. We are also open to receive bids on any quantity, which will be answered promptly. As this is intended as an exclusively seed trade offer, sent under sealed cover, we hope it will be so respected and treated with confidence. Information regarding the stocks will be given as far as we consistently can do.

Hoping our efforts to fill what may be considered a long felt want will be appreciated by the trade in general, we are,

Yours truly,

**CLUCAS & BODDINGTON CO.**

Prices are quoted in most cases f. o. b. New York City and **NET CASH**.

## SPRING BULBS.

Those offered below are stock from the very best growers in this country and Europe, and can be depended upon as being first-class and true to name. The prices quoted are as low as these goods can be grown for, and unless larger quantities are wanted, no lower price can be quoted for contract. We have these in our warehouse now ready for delivery:

## AMARYLLIS.

**Equestre or Regina**—Extra fine free bloomer, \$10 per 100.

## CANNAS.

Dry dormant field-grown roots, with numerous eyes.

### Austria and Italia.

Of these two sensational new Cannas we have a good stock, it being our good fortune to secure the agency in this country for the distribution of the originator's stock, and can offer them at lowest prices. The sterling merits of Austria and Italia are well known. Besides having the largest and finest flowers yet seen among Cannas (often 6 inches across and exquisitely colored), they are of a most charming habit, producing in mass, large, luxuriant Musa-like foliage, which is extremely ornamental.

**Austria**, 35c. each; \$3.50 per doz.; \$20 per 100.
